### Summary

Software Engineer with a passion for clean code, user-centric design, and frontend architecture that scales. I craft performant, maintainable web apps using React and .NET, with strong attention to visual detail and business alignment.

If you're looking for someone who codes with precision and thinks like a product owner, let's talk or visit [begiedz.dev](https://begiedz.dev).

### Technical Skills

#### Languages & Core Technologies

C# • TypeScript • HTML5 • CSS3 • SQL

#### Frameworks & Libraries

ASP.NET • EF Core • Node.js • React • React Native • Next.js • Expo • TailwindCSS • Playwright • Vitest

#### Tools & Workflow

Git • GitHub • Docker • Postman • Visual Studio Code • VS2022 • Ubuntu

### Soft Skills

- Team communication
- Problem-solving
- Time management
- Adaptability
- Critical thinking

### Languages

Polish - Native  
English - Professional working proficiency (B2)

### Interests

Technology, software development, visual arts, personal growth, electronic music, healthy cooking

### Experience

#### Ulfsoft

##### Freelance Frontend Engineer

October 2024 – Present, Remote

Responsible for the frontend layer of web sites and web applications using **TypeScript** and **React**, focusing on building responsive, scalable, and maintainable solutions. Designed and implemented responsive UIs for client-facing platforms, ensuring **API integration** and performance optimization.

### Education

#### VIZJA University

##### Bachelor of Engineering - BE, Computer Science

October 2023 – Present, Warsaw - weekend remote studies

Specializations: Web & Mobile Applications

#### Teb Edukacja

##### Web & Mobile Applications Programming Course

September 2022 – June 2023, Gdańsk

Specializations: React & React Native

### Projects

#### Daily Blog

React • TypeScript • TailwindCSS • React Router • TanStack Store

ASP.NET REST API • Entity Framework Core • Azure SQL • JWT

Showcases ability to handle real-world component logic, private routing, authentication and full integration with REST APIs.

#### GeoNotes

React Native • TypeScript • TailwindCSS

Mobile application for taking notes with a photo, location, and timestamp.

#### Small Joys (WIP)

ASP.NET REST API • Entity Framework Core • Next.js • TypeScript

A full-stack web app for capturing small moments of joy in everyday life.
